

“

We want you to look as young as you feel! During your consultation, we will design a unique treatment plan specifically for your needs.”

Dr. Jared Mallalieu,
Center Director

Inside The Spa

Laser Center at The Peaks

The Spa at The Peaks is already well known for its fabulous amenities. Now, with a new laser center opening in January, The Spa is poised to become the leading laser treatment center in all of Southwest Colorado.

Refresh and renew your skin and body at The Laser Center at The Peaks. This innovative center features state-of-the-art laser treatments, which improve fine lines and wrinkles, decrease sun damage and skin laxity, and improve the skin's tone and texture. Permanent hair reduction laser treatments are also available. All treatments are offered in the comfort and privacy of THE world-class Peaks Spa facility. The center will also offer a wide variety of injectables including Botox, Restylane and Juvéderm. Best of all, these treatments require little or no downtime, allowing you to enjoy the slopes and everything else The Peaks has to offer.

“By using the latest technology, we minimize down time and maximize your results,” states Dr. Jared Mallalieu, director of operations at the Laser Center at The Peaks. Dr. Jared Mallalieu is a board certified general surgeon who specializes in cosmetic surgery. He leads a team of experienced providers to best meet your skin needs. The team includes Dr. Ross VanAntwerp, dually certified in internal medicine and preventative medicine from Johns Hopkins, and Jessie Mallalieu, a certified Physician Assistant who specializes in cosmetic laser surgery and cosmetic injectables.

Dr. Jared Mallalieu completed a general surgery residency at St. Agnes Hospital in Baltimore, Maryland. He then completed a cosmetic surgery fellowship with The Beverly Hills Cosmetic Surgical Group, in Los Angeles, California. Dr. Mallalieu performs a wide variety of surgical cosmetic procedures, including laser assisted liposuction.

Dr. Ross VanAntwerp is a pioneer in the field of laser surgery. He has provided patients with cutting edge laser technology for over twenty years. He enjoys developing and implementing new laser procedures. He is widely regarded as a preeminent laser specialist, and is the medical director of the Laser Center of Maryland.

Jessie Mallalieu, PA-C, works closely with the physicians at The Laser Center at The Peaks. She enjoys employing her years of cosmetic experience to give personalized attention to patients needs. She is an expert in using a wide variety of injectables and has over seven years of experience in laser skin rejuvenation. She also performs sclerotherapy for the treatment of spider veins.
